MAKSYM KOVALCHUK

PROFESSIONAL SUMMARY

As an ambitious and driven student, I am eager to build a rewarding career in the IT sphere. With a solid academic background in programming, I have developed foundational skills that I am eager to expand upon. My determination to excel motivates me to continuously enhance my abilities. I am passionate about learning and embrace challenges with a proactive approach. I am eager to leverage my knowledge and skills to contribute effectively to a dynamic professional environment. I aspire to make a positive impact in the IT sector and am enthusiastic about the opportunities for growth and development that lie ahead.

WORK HISTORY

System administrator, 11/2021 to 02/2022
Biomed - Lviv, Ukraine

As a System Administrator at Biomed, I contributed to the management and maintenance of the company's IT infrastructure, ensuring security and reliability during my tenure.

Key Responsibilities:

- Managed the company's IT infrastructure, including networks and servers.
- Implemented security measures to safeguard data and prevent unauthorized access.
- Provided technical support to end-users, resolving hardware, software, and network issues.
- Documented system configurations and troubleshooting procedures. Collaborated with cross-functional teams to support IT operations.
